Here is today's work.

Letters to an advice column – **LETTER 3: French kissing**

1. SB p. 127/ 1 – read the instructions and put the letter in the right order. You can do this on post-its, of course.
2. [Slušni posnetek letter 3](#) – check
3. Sb p. 127/ 2a – copy the table in your notebooks and fill it in.
4. **Sb p. 127/ 2b** – this is **the most important** exercise today. Think about the content of all three letters and decide which person has the most serious problem. You **have to explain your choice**. Write your answers in your notebooks and send them to me until **Wednesday, 8th April**.
5. Sb p. 127/ 3 – choose one problem from the list and write an answer to it. You should write at least 10 sentences in your letter of advice (a little help: check how the answers are written in the letters you've been reading up to now).

Enjoy your day!
